

## RESERVA

### CHARACTERISTICS:

A wine created exclusively from the Tempranillo grape variety that comes from the vineyards which are more than 40 years old. Matured for 12 months in new American oak barrels.

### PROCESSING:

The grapes with the highest quality in structure and character go to make this Reserve wine. After de-stemming and pressing, the grape, the must is sent to stainless steel tanks where a film maceration is carried out at 15°C for 48 hours with the objective to obtain the maximum potential from the primary aromas. The must obtained is fermented with a yeast selected from the cellar at constant temperature to obtain better concentration of tannin and improve the structure of the final wine. The malolactic fermentation is carried out in new American oak barrels where it will stay 12 months to be transferred later to the bottle remaining for a period of 2 years.

### TASTING NOTE:

Very dark and deep colour, in the nose it displays aromas of black fruits with a roasted touch and spices which remind us of its journey through the wood. On the palate it presents itself very dense, with an abundant body and tannins. Aromatic and very elegant end.

### RECOMMENDATION:

Red meats, elaborate dishes of lamb and pork, big game and cured cheeses.

**SERVICE TEMPERATURE:** 18° C.

### ANALYSIS:

|                               |      |
|-------------------------------|------|
| Alcohol:                      | 14%  |
| Volatile Acidity gr./l.:      | 0,52 |
| Total acidity gr./l.:         | 4,95 |
| SO <sup>2</sup> Free mg./l.:  | 25   |
| SO <sup>2</sup> Total mg./l.: | 104  |
| PH:                           | 3,52 |
| Residual Sugar gr./l.:        | 2    |
